It is important to note that ACMCRN does not have any ownership or direct financial interest in any of the specific doctors or clinics listed on our Arachnoiditis-friendly directory. There are no formal listing criteria, and ACMCRN does not endorse, recommend, or certify any of these physicians.

If you think you have an emergency, call your doctor or emergency services immediately.

ACMCRN does not guarantee or make any warranties, express or implied, as to the quality of medical advice or care given by any listed physician.

The information listed in the results are based solely upon the information given by Arachnoiditis patients.
